

MISSIONARIES TO SPEAK IN KINSTON

Dr. and Mrs. Herbert Caudill, missionaries to Cuba for 40 years, will be the guest speakers at the day and night quarterly WMC meeting July 9. The day meeting will be held at the Kinston Baptist Church at 10:00 A.M. and the night meeting at 7:30 P.M. at the New Brookton Baptist Church. Herbert Caudill, a native of Clinchport, Virginia, served for 40 years as a missionary in Cuba under appointment by the Southern Baptist Home Mission Board. He started his missionary service in Cuba in 1929 as pastor of Havana's First Baptist Church. Later he added the pastorate at Guasimal, Havana and another at Havana, Cuba. In 1935, he added a pastorate at the Baptist seminary in Havana and in 1947, became pastor of the Southern Baptist Home Mission Board work in Cuba. He is a graduate of Mercer University in Macon, Georgia, with the Bachelor of Arts degree and the Master of Theology degree. He is also a graduate of the Southern Baptist Theological Seminary in Fort Worth, Texas, with the Master of Theology degree. Mercer University.

For best quality, maintain a zero degree or lower freezer temperature. Refrigerate or use it as soon as possible. Many people try to fill their freezers with corn by going to a curb market or farmers' market late in the day and buying corn that has been sitting around all day. The gain prices. All of the good quality is gone and actually they are wasting their time. If you are not careful when canning, fruit will float if it is overripe, if the pack is too loose or if processed too long.

ment in Havana and remained under conditional liberty. He had lost the sight in one eye despite eye surgery in Atlanta, Georgia, in 1964. David Fite was released from prison December 10, 1968, and he and his family returned to the United States. Mrs. Caudill is the former Marjorie Jacob of Little Springs, Mississippi. They have a son, Herbert Jr., living in Tucson, Arizona, and two daughters, Mrs. David Fite, at present living in the Fort Worth, Texas area, and Mrs. Douglas Pringle of Panama.

The Caudills will share their experiences with the end of 1969, retired from active missionary status of the Home Mission Board.

He was given a ten-year sentence. Because of failing eyesight, Caudill was released in November, 1966, to seek medical treatment.

Shower Fetes Bride-Elect

The home of Mrs. Roger Winston was the setting for a bridal shower Saturday, June 27, honoring Miss Judy Cox of Phenix City, bride-elect of Eddie Bryan. The decor for the delightful occasion accentuated a color scheme of yellow and green. The serving table overlaid with a white satin cloth with large yellow bows held two silver candelabrum with

burning yellow candles. A silver punch service was outlined with green fern and yellow day lilies. The background an oriental screen was decorated with smilax centered with day lilies.

Receiving the guest with the honoree were her mother, Mrs. Jasper Cox, Phenix City, and the mother of the groom-to-be, Mrs. Edlow Bryan.

Hostesses serving and assisting Mrs. Winston were Mrs. Fred Smith, Mrs. Lynn Hargrove, Mrs. Jeral Bulant, Mrs. Lamar Vaughan, Mrs. Franklin Knight, Mrs. Leroy Lawford, Mrs. Aliene English, Mrs. Marvin Whitman, Mrs. Gert Trawick.

DRYERS

Do you know that there are two basic kinds of dryers on the market today? Each operates on a different principle. Timed dryers allow you to select the length of time you want to dry clothes. When the time elapses, the dryer shuts off.

Electronically controlled dryers, on the other hand, have moisture-sensing screens that feel the moisture in the clothes and turn the dryer off when garments are properly dried. On this type, you set the controls for the type of fabric to be dried rather than for a specific length of time. Its biggest advantages are that garments are not over-dried and electricity isn't wasted.

VITAMIN C

The human body doesn't store vitamin C. You must eat a food each day which contains this vitamin. The easiest way to know that you have vitamin C is to have a serving of citrus fruit or juice. Other vitamins are stored, but not the C vitamin.

FROZEN FOODS

A home freezer can provide variety and fresh-food goodness for meals all year. It can also save meal preparation time. Frozen foods are as close as the freezer door.

For best results when freezing, keep the following tips in mind. First, select foods to freeze carefully. Not all foods freeze well. Second, prepare foods fully, and choose only top quality foods.

Third, package foods correctly. Wrap them tightly in a moisture-vapor proof wrap and seal so that

DRESS SALES
Sales of women's summer clothes began earlier than usual this year. But because it is strongly predicted that hemlines are going down, I'd like to urge shoppers to use caution when buying sale dresses. As you know hemlines have been short for several years. Women aren't buying as much this summer as they have before simply because of the uncertainty of changing hemlines. Thus, more dresses are left to go on sale.

Word from a reputable New York fashion authority is that by fall 85 percent of women's dresses will be at or below the knee. Therefore, it would be wise if shoppers consider hemlines which can be changed. If short clothes are bought, they should have an ample hemline that can be lowered if necessary.

PEACHES
Just how many quarts of peaches do you get from a bushel? You can expect to yield 18 to 24 quarts. Don't forget that peaches need to have an acid treatment to keep them from turning dark. Also when ready to eat, peaches should be thawed in the air-tight bag in the refrigerator.

CORN SYRUP
Sometimes diets call for syrup to be substituted for sugar when preparing jellies, jams, preserves, canning or freezing. This substitution can be made very easily. If you are interested in having information on how to substitute mailed to you, please call my office, 347-6091 or 897-6050.

BATHROOM FIXTURES
There is no need to discard old claw-foot bathtubs because of bad physical appearance. Many are still serviceable. However, often the porcelain has worn, especially in the area hit with the force of the water from the faucets. This is also true of washbasins. When the budget doesn't allow replacing bathroom fixtures, painting with epoxy enamel offers a solution. These remarkable paints provide a hard finish and are a real beauty boost for the bathroom. When dry, they have the shiny look of porcelain and are just as easy to clean with a soapy sponge.

They are available in several standard shades, or they may be tinted to match almost any color desired. A whole new look can be created around budget-planning. Starting with a cleanser, be sure to scrub, rinse and dry the surfaces thoroughly. Apply the paint with a brush, roller or sprayer. It dries to touch in two hours and hardens completely in about 24 hours. Cover the faucets with a cloth or some other absorbent material to prevent any possible drips causing dents before the

paint sets.

The new finish is not only easy to clean, but it also resists staining, scuffs, caustics and solvents. Epoxy enamel may also be used to improve the appearance of metal cabinets and furniture, ceramic tile and kitchen appliances.

Tour Of Europe Began On Monday

Dixanne King, Harriette Bullard and the other European Tour members with their tour director Marion Brunson left for their three weeks tour of Europe on Monday. They arrived in Brussels, Belgium Tuesday morning and will be in Amsterdam, Holland and Germany this week. They will spend most of Thursday aboard a steamer on the Rhine River. This week end will be spent in Lucerne, Switzerland.

The average American ate about one-half pound of red meat each day in 1969. This totaled about 181 pounds per person and was nearly two pounds less than the year before.

Sacred Harp Sing To Be Held July 12th

The Sacred Harp Annual Sing will be held at Pine Level at the Community Building, Sunday, July 12. The song service begins at 9:00 A. M. and continues after lunch.

Dinner will be on the ground at the noon hour. All lovers of the Sacred Harp songs are invited to attend.

Last week the Donald Stewarts visited the Carl Whittemurst family on Lancaster Lane in Montgomery. After a brief visit, the Stewarts went on to the cabin on Lake Martin. They visited with several old friends, the L.P. Gregory family, formerly of Elba and now living in Dadeville, and also visited Wind Creek Park and Martin Dam.

Expert Fisherman Displays Catch To Landlubbers

If you ever got John Holley concerned about his fishing ability just remind him of this picture with his entire catch the time he took his wife deep sea fishing to "show her how it's done!" This one red snapper is the sum total of his three day trip -- he couldn't even remember the name of the boat they fished from the day before! John does remember that the water was calm and his wife enjoyed the trip.

PERSONALS

Mr. and Mrs. James R. Dyess and daughter of Kansas City, Missouri, visited his parents, Mr. and Mrs. Odie Dyess, and other relatives last week. Miss Judy Lee returned home with them for a visit.

CRAMTON'S FLORIST SELECTED AS MEMBER OF F.T.D.

Florists' Transworld Delivery Association (FTD), the world-wide floral delivery organization, announced today that Cramton's Florist has been selected as a member in the Association.

The owners of the new FTD member shop, located at 335 Factory Street, Elba, Alabama, are Betsy and Fred Cramton, under the direction of Hayes Funeral Home of Elba.

Mr. Johnson, who passed away July 3, was survived by his wife, Idell Everett Johnson, New Brockton; one son, Joe F. Johnson, Montgomery, six daughters, Mrs. Frank Bryant and Mrs. W. D. Hodges and Mrs. Charles Cox all of Elba, Mrs. Frank Bryant and Mrs. Bessie Rogers, both of Winter Garden, Florida, and Mrs. B. O. Lawson, New Brockton; 24 grandchildren and 21 great-grandchildren.

Roy Frank Roger, Jerry Lawson, Bobby Johnson, Billy Cox, Tony Bowers and Lee Cramer served as pallbearers.

Mr. Johnson was a deacon and member of the Damascus Baptist Church.

Last Rites Held For George Johnson

Funeral services were held July 5 in the Damascus Baptist Church for George M. Johnson, age 76, of New Brockton, late of the district convention of Jehovah's Witnesses. This summer, announced David Lassiter, overseer of the New Brockton congregation.

The four-day convention is scheduled for July 16-19 at the University of Alabama Memorial Coliseum. This is one of 33 conventions scheduled for this year in the United States and Canada and is expected to draw a crowd of approximately 10,000.

At their meeting this week Lassiter advised the local witnesses to begin now making their reservations at the convention city.

JEHOVAH'S WITNESSES TO HOLD CONVENTION IN TUSCALOOSA

Tuscaloosa, Alabama will be the site of the district convention of Jehovah's Witnesses this summer, announced David Lassiter, overseer of the New Brockton congregation.

The four-day convention is scheduled for July 16-19 at the University of Alabama Memorial Coliseum. This is one of 33 conventions scheduled for this year in the United States and Canada and is expected to draw a crowd of approximately 10,000.

At their meeting this week Lassiter advised the local witnesses to begin now making their reservations at the convention city.

Mrs. R. S. Jones, the honoree, Mrs. DeWayne Jones and Mrs. Kennedy

Recent Bride Complimented

Mrs. Roger Sterling Jones, was honored Saturday, the former Janie day, June 27, when Mrs. George Kennedy entertained with a miscellaneous shower in her home on Pine Circle, Brookdale.

Hostesses assisting Mrs. Kennedy were Mrs. John B. Spurlin, Mrs. Maxwell Reeves, Mrs. Grady Thomas, Mrs. E. W. Crosby, Mrs. Charlie Bowen, Mrs. Colita Parrish, Mrs. Zeb Scott, Mrs. Ronnie Young, Mrs. Edwin Cooper, Mrs. Gene Logan and Mrs. Joe Mosely.

A satin undershirt overlaid with a beautiful imported hand embroidered tablecloth covered the serving table. Punch was served from a Fostoria punch service and silver trays and compotes held the party dainties. An arrangement of yellow and orange daylilies completed the table decor.

Bouquets of summer flowers were placed in the gift rooms.

The honoree, her mother, Mrs. R. S. Jones and her sister-in-law, Mrs. DeWayne Jones, received the approximate fifty-five guests who called during the party hours.

Dr. Otis Williams, of Montgomery, Secretary of Evangelism for the State of Alabama will conduct revival services at the Westside Baptist Church, July 12 through 17. He has been the guest speaker at several area conferences held in the Baptist association.

Special song services under the direction of Clyde Greer, minister of music, will be presented each evening.

The public is invited to attend the services which will be held nightly beginning at 7:30 p.m.

Zoar Church Is

Now Being Restored

The Zoar Methodist Church is making progress in its remodeling. Being one of the oldest churches in the area, it has been inactive for the last few years. It brings back a lot of memories for many people of the community. Here a great many of the communists dead are buried in the cemetery across from the church. Naturally, these folks are happy to see the church being repaired.

To date the church has been brick veneered and a new porch has been built on.

Many would like to make contributions and help. There will be a church working beginning Thursday, July 9. All work on these days will be appreciated.

Contributions are needed on this project. Should you like to give to this worthy cause, deposit your contributions with the Elba Exchange Bank to the account of the Zoar Methodist Church.

George Wyatt

Named Honor

Grad At Rucker

Private George A. Wyatt son of Mr. and Mrs. Frank D. Wyatt of Route 5, Elba, was Honor Graduate of the recent Army Aviation School's Aircraft Maintenance Apprentices Course. Private Wyatt received 6 weeks of basic aircraft maintenance, aircraft systems maintenance, general aircraft maintenance and tactical subjects.

He will be assigned to a U. S. Army aviation unit as a maintenance apprentice. Private Wyatt's training included instruction in Army aircraft maintenance and supply systems, general preventive maintenance and repair procedures for aircraft systems and components.

Farm Programs Help Make Adjustments

Farm programs help farmers make adjustments in their individual farming operations that in the long run will result in more farm income from the market place and less from the public treasury.

Since farmers are \$50 billion a year purchasers of goods and services produced in our cities and rural towns, the workers and business firms in cities and towns benefit from farm programs, too.

Farm programs also make important contributions to conservation of natural resources and help fight pollution. Mr. Ellis said. Acres that are diverted out of crop production under farm programs are put to conserving uses such as the growing of grass and trees. Such practices conserve soil and water, provide habitat for wildlife and small game, prevent erosion of our streams from sediment and agricultural chemicals or waste products and reduce air pollution caused by blowing dust, the chairman explained.

When a farmer takes land out of production and puts it to a soil and water conserving use, he gives up the value of the production he normally would have received as income. At the same time, the farmer pays taxes on land removed from

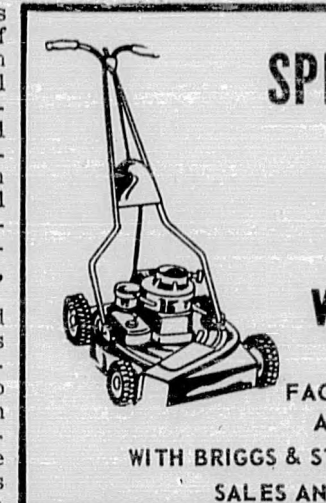

W. C. Allen Completes Four Day School

In recent years, the U.S. Department of Agriculture had advanced partial payments to farmers during the spring sign-up period for the feed grain program only. The balance of the feed grain payment, and cotton and wheat payments were generally made starting in late July and continuing through August and September, or later, the chairman explained.

Because of budget restraints, partial payments could not be made this year. However, the Department made a commitment to farmers that full payments would be made as early as possible. That commitment is now being fulfilled.

Fourteen students from 12 cities and towns of four state areas were in attendance at the school. Efficiency study courses completed by the students were designed to teach a better understanding of Life Insurance. The De-Insurance as a valuable piece of property and to enable the management group to payments would be made more efficient service. That vice to the policyholder, commitment is now being fulfilled.

W. C. Allen, Elba Policyholders Service Office of Mutual Savings Life Insurance Company, has just completed a four-day school at the Company's Decatur, Alabama, Home Office.

Miss Hundley is a native of Enterprise and a graduate of the University of Alabama. Mr. Kennedy is a native of Brewton and also a graduate of the University of Alabama.

Parents of the bride are Mr. and Mrs. Eugene Hundley of Enterprise. The groom is the son of Mr. and Mrs. J. M. Kennedy of Brewton.

A program of nuptial music was presented by Sandra Fields, Judy Hollis sang "One Hand, One Heart," "True Love, and the Wedding Prayer."

Given in marriage by her father, the bride wore a floor length gown of luminous chiffon over bridal satin with lace appliques on the gown and bridal veil. She carried a bouquet of mums and baby's breaths, with a cascade of white roses.

Attending the bride as matron of honor was Mrs. Patricia Coggins, Bridesmaids were Debbie Morgan, Kathy Hundley and Mrs. Carol Grimes.

They wore floor length dresses of nylon dotted swiss with scoop necklines and empire waists. The dresses were pale orchid with hats to match. They carried baskets of daisy pom poms, purple statice and baby's breaths.

The groom's father served as best man. Ushers were Mike McDowell, Larry Smith and Russ Grimes.

A reception following the wedding was held in the fellowship hall of the church.

After a wedding trip to Florida, the couple will make their home in New Iberia, Louisiana.

Following the wedding, the couple plan to make their home in Enterprise.

LETTER TO THE OCCASIONAL CHURCH-GOER

Dear Sir:
I understand your problem. For years it was mine.
I'd say to myself, "George, it's about time you went to church." And I'd get the alarm, and put on my best suit, and start out with great intentions.
Then the kids would defile me: "Gee, Mom, is Pop going with us?" I felt awkward already!
And the awkwardness never left. All through the service I felt stiff, uncomfortable, and very conspicuous.
So I'd stay away six more weeks—or was it sixteen? Then I'd try again. Same result! So I figured there was something wrong with the Church—or with me...
To rule out that slim latter possibility I decided to try worshipping every Sunday... just for a month or two, you understand. I had to prove the fault was with the Church.

Strange! Along about a third week the awkward feeling disappeared. And the kids stopped expressing amazement. And I began understanding a great many things about the Church... and myself... and God!

There's more to religion than meets the eye—after you get used to the Light.

TAX SAVINGS

We have just received copies of a new easy to read bulletin entitled The Tax Reform Act of 1969. This is a 17 page bulletin which outlines new provisions of significance to farmers tax changes. These changes are important to Coffee County farmers. We plan to get sufficient copies to give one to each person requesting a copy.

The bulletin was prepared by Fred Woods, Agricultural Economist at Auburn. Call or write to us if you would like a copy.

WEED CONTROL

Earl Mixon, Route 2, New Brockton, asked about weed control in corn. The recent rains have brought up a thick stand of broad lead weeds in his fields. One of the best materials to use is 24D amine. Use

James Martin and his son, Jimmy, have about the best ten acre cornfield I have seen in years. It's located two or three miles out of Enterprise on the Dothan Highway. They had peanuts on this land last year. They planted it early and it came in growing and has not stopped. It looks like bottom land corn.

If we can get enough rainfall in the days ahead this will be our best year for corn in about four years. Loss of folks have become discouraged. Perhaps a good year will restore confidence in corn production.

Another fellow, Harper Grant, on the northern end of the county above Bluff Springs, told me he had some fine corn and wanted me to see it. Grant was one of the winners in the corn contest a few years back.

PARENTS SUPPORT

Several parents and at least on grandparent attended the recent Coffee County 4-H Market Hog show held at Enterprise.

MIDDLE AGED AT 27?

In 1920 when the average life expectancy was 54, a person 27 had lived half his life. Now thanks to amazing scientific discoveries, the average life expectancy is over 68 years.

Medical science has also made advances which permit longer life of today to be a healthier, more pleasant one.

half a pound of liquid per acre. 15 gallons of water. This should be applied as a direct spray at the base of the stalk. This material used as directed will take care of just about every weed in corn fields. It's inexpensive. Care should be taken in applying the material to avoid damage to other crops. It's also important to clean the 24D out of the spray rig before using it on other crops.

Once peanuts get enough rain to begin setting a crop, it's necessary that they continue to get enough rainfall to make maximum yields. I hope Reynolds and his neighbors in the Ashbury community can make top yields this year.
